Our Board concluded that none of the independent directors had any direct or indirect material relationships with us, or any of our subsidiaries. Our Board considers what it deems to be all relevant facts and circumstances in determining the independence of its members, including whether our directors have any family relationship with any executive officer or any direct or indirect interest in any of our customers or our customer agreements, whether any of our directors have any interests in or ties to any of our competitors, suppliers or strategic business partners and whether our directors meet the independence standards set by the Securities and Exchange Commission (the “SEC”) and NASDAQ.

Nominating Committee

The members of our Nominating Committee currently are Dr. Dave Qi, Mr. Shi Wang and Dr. Zhonghan Deng, who are each independent as that term is defined in Rule 5605(a)(2) of the NASDAQ Listing Rules. Dr. Edward B. Roberts served as a member of our Nominating Committee until his resignation from our Board effective January 31, 2017. The purpose of our Nominating Committee is to assist our Board in identifying individuals qualified to become directors under criteria approved by our Board, periodically review director compensation and benefits, recommend to our Board any proposed revisions to our corporate governance guidelines and assist our Board in assessing directors' independence, board effectiveness, continuing education, new director orientation and committee membership. Our Nominating Committee did not hold any meetings in 2017, but acted through email communications to consider Mr. Dave De Yang's qualifications to join our Board and our Audit Committee. The full responsibilities of our Nominating Committee are set forth in its charter, which is posted on our Web site at <http://investors.sohu.com/documents.cfm>.

It is a policy of our Nominating Committee that candidates for director (i) be determined to have unquestionable integrity and honesty, (ii) have the ability to exercise sound, mature and independent business judgment which is in the best interests of the stockholders as a whole, (iii) have a background and experience in fields which will complement the talents of the other Board members, (iv) have the willingness and capability to take the time to actively participate in Board and committee meetings and related activities, (v) have the ability to work professionally and effectively with other Board members and our management, (vi) have the ability to remain on our Board long enough to make a meaningful contribution and (vii) have no material relationships with competitors or other third parties that could create a reasonable likelihood of a conflict of interest or other legal issues.

Neither our Nominating Committee nor our Board has a policy with regard to the consideration of diversity when identifying and evaluating proposed director candidates, although both may consider diversity when identifying and evaluating proposed director candidates, and one of the enumerated factors under our Nominating Committee's charter that the committee may consider when identifying potential nominees is the interplay of the candidate's experience with the experience of the other board members. In compiling a list of possible candidates and considering their qualifications, our Nominating Committee makes its own inquiries, solicits input from other directors on our Board and may consult or engage other sources, such as a professional search firm, if it deems appropriate.

Stockholders who wish to recommend individuals for consideration by our Nominating Committee to become nominees for election to our Board at an annual meeting of stockholders may do so by submitting a written recommendation to the committee with a summary of the proposed candidate's qualifications, care of Sohu.com Inc., at Level 18, Sohu.com Media Plaza, Block 3, No. 2 Kexueyuan South Road, Haidian District, Beijing 100190, People's Republic of China, Attention: Eric Yuan.

There have been no material changes in our Nominating Committee's procedures for selecting director candidates since our last annual meeting of stockholders. The Nominating Committee does not intend to alter the manner in which it evaluates candidates, including the criteria set forth above, regardless of whether the candidate was recommended by a stockholder or otherwise.

Board's Leadership Structure

Our Board believes that our Chief Executive Officer is best situated to serve as Chairman, and our lead director, because he is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy, and because he is a very well-known, respected and influential leader of the Internet industry in China. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside our company and industry, while our Chief Executive Officer brings company-specific experience and expertise. Our Board believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and our Board, which are essential to effective governance.

Board's Role in Risk Oversight

Our Board has an active role, as a whole and also at the committee level, in overseeing management of our risks. Our Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. Our Audit Committee oversees management of financial risks. Our Compensation Committee is responsible for overseeing the management of risks relating to our compensation policies and practices as discussed in more detail below under the heading "Risk Considerations in our Compensation Policies and Practices." Our Nominating Committee manages risks associated with the independence of our Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, our entire Board is regularly informed through committee reports about such risks.

Given its role in the risk oversight of our company, our Board believes that any leadership structure that it adopts must allow it to effectively oversee the management of the risks relating to our operations. Although there are different leadership structures that could allow our Board to effectively oversee the management of such risks, and while our Board believes its current leadership structure enables it to effectively manage such risks, it was not the primary reason our Board selected its current leadership structure over other potential alternatives. See the discussion under the heading "Board's Leadership Structure" above for a discussion of why our Board has determined that its current leadership structure is appropriate.

Procedures and Deadlines for Receipt of Stockholder Proposals and Director Nominations

A stockholder proposal or a stockholder nomination of a candidate for election to our Board intended to be considered at an annual meeting of stockholders and included in our proxy materials for that meeting must be received by us at Sohu.com Inc., Level 18, Sohu.com Media Plaza, Block 3, No. 2 Kexueyuan South Road, Haidian District, Beijing 100190, People's Republic of China, Attention: Eric Yuan, no later than 120 calendar days before the date that our proxy statement was released to our stockholders in connection with the previous year's annual meeting of stockholders. However, if we did not hold an annual meeting the previous year, or if the date of the current year's annual meeting has been changed by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before we begin to print and send our proxy materials. Risk Considerations in our Compensation Policies and Practices

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our company. In addition, our Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

Our Compensation Committee extensively reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

- We have appropriate weighting of long-term incentive compensation;
- goals are appropriately set to avoid targets that, if not achieved, result in a large percentage loss of compensation;
- we do not rely on hard targets that can only be evaluated with reference to numerical results, so as to minimize the risk of our executives' focusing excessively on short-term results; and
- we have a limit on the total amount of compensation that can be paid to each executive, which helps reduce the risk of our executives' pursuing achievement of short-term goals in order to increase compensation.

Code of Ethics

We have adopted a code of ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. A copy of the code of ethics is filed as an exhibit to our Annual Report on Form 10-K for the year ended December 31, 2003 and can be found on our website at www.sohu.com. In addition, copies of our code of ethics may be obtained free of charge by writing to Eric Yuan, Sohu.com Inc., Level 18, Sohu.com Media Plaza, Block 3, No. 2 Kexueyuan South Road, Haidian District, Beijing 100190, People's Republic of China.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and holders of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Directors, executive officers and holders of more than 10% of our common stock are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of copies of reports furnished to us or written representations that no other reports were required, we believe that during the year ended December 31, 2017, our directors, executive officers and holders of more than 10% of our common stock timely complied with all applicable Section 16(a) reporting requirements, except that Mr. Xiaochuan Wang did not make a timely filing on Form 4 with respect to his purchase on June 15, 2017 of 15,000 shares of our common stock.

ITEM 11. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion and analysis of our named executive officer compensation program for the year ended December 31, 2017, detailing what we paid to our named executive officers and how our compensation objectives and policies help achieve our business objectives.

Overview of our Named Executive Officer Compensation Program and Objectives

Our Executive Pay Philosophy

The goal of our named executive officer compensation programs and arrangements is to attract and retain qualified management and create long-term value for our stockholders. Towards this goal, we designed and implemented compensation plans and arrangements that we believed would:

- Attract and retain executives who will significantly contribute to the creation of value for our stockholders;
- Pay compensation that is competitive in comparison to that paid by others in our industry;
- Effectively make use of our cash and available equity incentives by determining appropriate cash salary and bonus and equity award components in view of each executive's position and responsibility level in our company, individual performance, skills, competency, experience, and contribution to our realization of our performance goals as a company; and

Table of Contents

- Rationally and fairly pay performance-based compensation through a combination of financial performance reviews and non-quantitative evaluations, in order to help ensure transparency in our executive compensation decisions.

Our named executive officer compensation program is composed of the following elements:

- Cash compensation, which includes an annual salary and the opportunity to earn an annual performance-based cash bonus;
- Equity incentive compensation, in the form of stock options and restricted stock units;
- Other benefits, in the form of housing allowances, tax equalization, tuition/training reimbursement, and premiums paid for health, life, travel, and disability insurance; and
- Severance benefits.

Administration and Process

Our 2017 executive compensation program is administered by the Compensation Committee of our Board. The Compensation Committee annually reviews the overall compensation of our named executive officers. Our Human Resources (“HR”) department engaged Mercer as a management compensation consultant to provide recommendations as to our 2017 executive compensation program, including peer group updates, compensation and performance comparisons, and annual compensation adjustments. Based on Mercer’s analysis and a database of executive compensation that it assembles and maintains, Mercer recommended that we maintain for 2017 executive compensation a mix of base salary, incentive bonuses and equity incentives structured similar to our 2016 compensation packages, with increases in base salaries and maximum bonuses.

When making its recommendations, Mercer took into consideration the following factors:

- the competitiveness of the total compensation package for our named executive officers as compared to the total compensation packages for similarly situated executive officers at peer companies in different markets, including the Chinese and other selected Asian markets and the U.S. market;
- the level of responsibility of our named executive officers; and
- the skills, competency, and past work experience of our named executive officers.

Our HR department prepared a proposal based on Mercer’s recommendations and discussed the proposal with, and made revisions based on comments from, our Chief Executive Officer. Our HR department then submitted the revised proposal to the Compensation Committee and made revisions based on comments from the Compensation Committee. The Compensation Committee approved the revised recommendations. The compensation recommendations for our Chief Executive Officer were submitted to our full Board for approval, with our Chief Executive Officer abstaining from the Board’s vote.

Considerations in Designing Executive Compensation

Reward Excellent Performance

Each named executive officer's pay level is set to be reflective of his or her management experience and perceived leadership ability, continued high performance and career of service to us. Key elements of our compensation policy that depend upon the named executive officer's performance include:

- **Base salary.** We aim to offer pay at a level that is sufficiently competitive to attract and retain experienced and successful executives. We set the base salaries, and make subsequent adjustments, for our named executive officers with reference to his or her individual performance, contributions to our business, competitive pay levels and comparisons to the pay levels of non-executive officer members of our senior management. The base salary is set to reflect the named executive officer's level of responsibility, expertise, skills, knowledge and experience. In making adjustments to base salaries, we also consider (i) the overall performance of our business, (ii) any increases in the overall volume of our business, (iii) any increases in each named executive officer's level of responsibility, (iv) any increases in the market share of our products and services, and (v) Mercer's projections as to increases in the average base salaries of similarly-situated executives in the Chinese and other selected Asian markets.
- **Annual cash incentive.** We offer an annual cash bonus incentive to encourage and reward contributions to our annual financial performance and strategic objectives and an executive's leadership. The potential award amount varies with the degree to which we achieve our annual financial objectives, the extent to which the executive officer contributes to strategic and operational objectives and his or her individual leadership. The incentive payouts are linked to Sohu's performance, with individual compensation differentiated based on individual performance. The actual total cash compensation (base salary and annual cash incentive) of one of our named executive officers may reach the 75th percentile in the market under circumstances where Sohu's performance and his or her individual performance are both determined to be excellent. For 2017, we set the annual cash bonus's variation range with a maximum ratio of 200% (*i.e.*, a maximum annual cash bonus equal to 200% of a particular executive officer's targeted annual performance bonus for 2017), to encourage our executives to achieve outstanding performance, and to allow their actual total cash compensation to be increasingly attractive in comparison to the market as performance levels increase. For a description of the targeted annual performance bonuses for 2017 for our named executive officers, see "2017 Executive Bonus Plan" in this Item 11.
- **Long-term incentives.** Long-term incentives are designed to encourage and reward building long-term stockholder value and to retain our executive officers. We provide a mix of stock options and restricted stock units, with the Board of Directors determining the mix and the amounts awarded each year.

Selection of and Analysis of Peer Groups for Competitive Compensation Packages

We requested that Mercer identify peer groups for use for comparison purposes in connection with our named executive officers' compensation packages, using such considerations as similar geographical location, industry, and size to ours and presence in similar capital markets to ours, including the U.S., Hong Kong, Singapore, the Philippines, Malaysia, India, Thailand, Japan, and Australia. Based on the facts that Dr. Charles Zhang, Mr. Xiaochuan Wang, and Mr. Dewen Chen are the chief executive officers of Sohu, Sogou, and Changyou, respectively, each of which is a U.S.-listed company, and that Ms. Joanna Lv is the chief financial officer of Sohu, and noting that the level of responsibility associated with chief executive officer or chief financial officer positions varies depending on the size of the organization in which the officer holds such a position, Mercer recommended selection of different companies from each of the peer groups for comparison purposes, depending on the relative levels of responsibility of our named executive officers. We indicated that our comparison points and the selection criteria should include:

- consideration of pay-for-performance, in order to align compensation with our business objectives and performance;
- consideration of the state of the market for executive talent, in order to position Sohu competitively among the companies against which we recruit and compete for talent, in order to enable us to attract, retain, and reward executive officers; and
- the availability of relevant data from the companies selected.

Based on these criteria Mercer recommended three categories of peer group, consisting of:

Peer Group 1: Companies in Mercer Asian Region Executives Remuneration Report

We determined that Peer Group 1 had a high correlation to us with respect to company size and provided relevant data. We therefore relied primarily on information from the Peer Group 1 database to determine the base salary and target bonus levels and pay mix for our named executive officers, and benchmarked to Peer Group 1 according to our executive officers' positions. We benchmarked our executive officers' base salaries to Peer Group 1's 50th percentile, and our executive officers' total cash compensation to Peer Group 1's 75th percentile. Peer Group 1 includes 11 companies that we used for Dr. Charles Zhang, 20 companies that we used for Mr. Xiaochuan Wang and Mr. Dewen Chen, and 44 companies that we used for Ms. Joanna Lv. Mercer obtained data from these companies subject to confidentiality obligations, but has authorized us to identify the companies. Other Considerations

The Compensation Committee also took into consideration the following factors when setting our named executive officers' compensation:

- Key financial measurements such as revenue, operating profit, earnings per share and operating margins;
- Key performance indicator ("KPI") measurements intended to challenge executive officers to drive high financial and operating results;
- Promoting commercial excellence by launching new or continuously improving products and services;
- Becoming or remaining as a leading market player and attracting and retaining customers and users;
- Achieving excellence in the named executive officer's business area of responsibility; and

[Table of Contents](#)

- Supporting our values by promoting a culture of integrity and adherence to our code of conduct.

The mix of compensation elements is designed to reward short-term results and motivate long-term performance through a combination of cash and equity incentive awards. The Compensation Committee seeks to balance compensation elements that are based on financial, operational and strategic metrics with others that are based on subjective judgments of each named executive officer's performance.

Elements of Compensation

General

Our named executive officers' pay generally is composed of four main components: base salary, annual performance-based cash bonus, long-term equity awards, and benefits. We do not target a specific weighting of these four components or use a prescribed formula to establish pay levels. Rather our Compensation Committee considers changes in our business, external market factors and our financial position each year when determining pay levels and allocating between long-term and short-term compensation for our named executive officers. The Compensation Committee also considers management's business development goals for the year in setting target bonus levels and performance-based milestones.

For purposes of our 2017 executive compensation program, Mercer proposed targeting total compensation for our named executive officers in the light of (i) data concerning amounts paid by Peer Group 1 companies, targeting the level of total cash compensation to be approximately at Peer Group 1's 75th percentile, with the goal of allowing us to be competitive in the market for executive talent, (ii) the particular named executive officer's level of responsibility within our company, with the goal of promoting a sense of fairness among our employees, and (iii) performance targets, including annual performance, strategic indicators, and leadership competency. Mercer allocated the recommended targeted total compensation for our named executive officers into four components, consisting of (i) base salary, (ii) annual performance bonus, to be calculated by multiplying (A) a base amount equal to the named executive officer's targeted annual performance bonus for 2017 by (B) a bonus ratio determined based on the criteria described under the heading "2017 Executive Bonus Plan" in this Item 11, and an additional special targeted bonus only for Mr. Dewen Chen which would be payable only if Changyou launched one or more high-quality games that met specified performance targets, (iii) equity awards, and (iv) allowances frequently provided to executives, such as housing allowances.

We include an equity incentive component as part of our compensation package because we believe equity incentives align the long-term interests of our named executive officers with those of our stockholders. The equity incentive component links an appropriate portion of compensation to stockholder value as the value of granted equity awards increases or decreases in line with any increase or decrease in the market price of our common stock.

[Table of Contents](#)

The cash and equity components of compensation are supplemented by various other benefits that provide for housing allowances, tax equalization, tuition/training reimbursement, health, life, travel and disability benefits and severance benefits.

The goal of our named executive officer compensation program is to attract and retain qualified management and create long-term value for our stockholders. Towards this goal, we designed and implemented a 2017 executive compensation program that we believe will (i) attract and retain accomplished and high-potential executives; (ii) motivate them to achieve both short-term and long-term corporate goals; (iii) reward them for sustained financial and operating performance and leadership excellence; and (iv) align their interests with those of our stockholders. We believe that each element of our compensation program fulfills one or more of these objectives.

Base Salary

We included base salary as part of named executive officers' compensation packages because we believe that it is appropriate that some amount of compensation be provided as a fixed amount of cash, in order to provide our named executive officers with a basic level of annual income security. When deciding upon an appropriate base salary for a particular named executive officer, the Compensation Committee considered the named executive officer's previous salary, the amounts paid to the named executive officer's peers within the company, the named executive officer's prior performance, and trends in compensation in the Internet and high-tech sectors. Decisions regarding salary adjustments take similar matters into account.

The base salary changes for our named executive officers from 2016 to 2017 were as follows:

Name	2016 Base Salary	2017 Increase/(decrease)		2017 Base Salary Effective 1-Jan-17
		Increase/(decrease) Amount	Increase/(decrease) Percentage	
Charles Zhang	\$602,664	(\$ 10,466)(1)	-2%(1)	\$ 592,198 (1)
Joanna Lv	\$177,635	\$ 24(2)	0%(2)	\$ 177,659 (2)
Xiaochuan Wang	\$361,598	\$ 8,526	2%	\$ 370,124
Dewen Chen	\$225,999	(\$ 3,925)(1)	-2% (1)	\$ 222,074(1)

- (1) Dr. Charles Zhang's and Mr. Dewen Chen's base salaries are denominated and payable in Chinese Yuan ("RMB"), which is the legal currency of China. Their base salaries denominated in RMB for 2017 remained the same as their base salaries for 2016. The decreases in the U.S. dollar-denominated amounts of their base salaries from 2016 to 2017 shown in the table above are entirely due to the depreciation of the RMB against U.S. dollars in 2017.
- (2) Ms. Joanna Lv's base salary was adjusted upward on April 1, 2016 and was unchanged (measured in RMB) for 2017. The increase in her base salary from 2016 to 2017, measured in U.S. dollars, was in effect negated by the depreciation of the RMB against U.S. dollars.

[Table of Contents](#)

The base salaries of our named executive officers were adjusted upward or remained the same in 2017. In making its recommendations with respect to base salaries, Mercer informed us that it had considered (i) the overall performance of our business, (ii) any increases in the overall volume of our business, (iii) any increase in each named executive officer's level of responsibility, (iv) any increases in the market shares of our products, and (v) Mercer's projections as to increases in the average base salaries of similarly-situated executives in the Chinese market in general.

2017 Executive Bonus Plan

Our executive bonus plan generally is intended to reward our named executive officers who drive high-performing results in their areas of responsibility and to incentivize them to sustain their high-level performance over a long career with us. We use a multidimensional evaluation method to establish and strengthen a direct correlation between annual cash bonus payouts and our overall corporate performance and to specify the range of our Compensation Committee's or our Chief Executive Officer's discretion as to appropriate annual bonus levels for our named executive officers.

In determining the bonus levels for our named executive officers for 2017, our Compensation Committee reviewed our overall corporate performance, including without limitation revenue and profit targets, and the performance of our subsidiaries and business units. Our Compensation Committee reviewed our overall corporate performance, as well as the performance of our subsidiaries and business units, based on our achievement of specified revenue targets, profit targets, and other targets, which varied among our named executive officers, for 2017. Our Compensation Committee also reviewed individual performance indicators of our named executive officers. In establishing those performance goals, our Compensation Committee set threshold and target levels of attainment on a sliding scale. The target performance levels were based on our performance budget and were intended to reward superior performance relative to our peers taking into consideration the market conditions and industry trends that affect us. The target performance levels for each measure were intended to be reasonably attainable given maximum effort on the part of our named executive officers.

Given that our business plan is highly confidential, we do not publicly disclose specific internal revenue, operating income, or other goals. Revealing specific objectives would provide our competitors and other third parties with insights into our confidential planning process and strategies, thereby causing competitive harm. Our performance goals were designed to be aggressive and there was a risk that bonus awards would not be made at all or would be made at less than 100% of the target amounts. The uncertainty in meeting the performance goals helped ensure that the bonus awards made were truly performance-based, consistent with our strategic objectives.

The Compensation Committee believes that these criteria are consistent with the overall goals and long-term strategic direction that our Board has set for our company and are closely related to or reflective of financial performance, operational improvements, growth and return to stockholders.

- The following table sets forth the targeted annual performance bonuses under our 2017 Executive Bonus Plan for our named executive officers. These were approved by Our Compensation Committee on September 4, 2017.

[Table of Contents](#)

	Targeted Annual Performance Bonus (\$)	Special Targeted Bonus	Total Targeted Annual Bonus
Charles Zhang (1)	\$ 592,198	\$ 0	\$ 592,198
Joanna Lv (2)	\$ 88,830	\$ 0	\$ 88,830
Xiaochuan Wang (3)	\$ 592,198	\$ 0	\$ 592,198
Dewen Chen (4)	\$ 1,776,593	\$ 296,099	\$ 2,072,692

- (1) Dr. Charles Zhang's targeted annual performance bonus is equal to 100% of his annual base salary for 2017.
- (2) Ms. Joanna Lv's targeted annual performance bonus is equal to 50% of her annual base salary for 2017.
- (3) Mr. Xiaochuan Wang's targeted annual performance bonus is equal to 160% of his annual base salary for 2017.
- (4) Mr. Dewen Chen's targeted annual cash bonus for 2017 is equal to 933% of his annual base salary for 2017 and consists of (i) a targeted annual performance bonus that is equal to 800% of his annual base salary for 2017, which was based on an analysis of competitive executive compensation and performance measures for similarly-situated employees at peer companies in China's Internet game industry, and (ii) an additional special targeted bonus of approximately \$296,099 for 2017, which would be payable only if Changyou launched one or more high-quality games that met specified performance targets.
 - The initial annual bonus ratio for each named executive officer was determined based on a performance review and was initially equal to the percentage level of attainment of specified corporate performance goals (including specified performance goals for our subsidiaries), except that no annual bonus would be paid unless a minimum weighted percentage level of performance, which was 70% for 2017, was achieved; and
 - After the initial annual bonus ratio was determined, our Compensation Committee, in the case of our Chief Executive Officer, and our Chief Executive Officer Dr. Charles Zhang, in the case of our named executive officers other than our Chief Executive Officer, had the discretion to adjust the applicable executive officer's initial bonus ratio within a pre-determined, specified range based on our Compensation Committee's or our Chief Executive Officer's non-quantitative evaluation based on strategic indicators and competency indicators. Our Compensation Committee and our Chief Executive Officer generally did not expect to adjust the initial bonus ratio downward unless the applicable executive officer's performance was deemed to have fallen below expectations. Our Compensation Committee or our Chief Executive Officer, as applicable, did not establish in advance specific criteria for adjusting a named executive officer's bonus upward (or downward), but made assessments retroactively based on its or his judgment as to whether the named executive officer exceeded expectations in his or her areas of responsibility.

The levels of performance attainment on a sliding scale and the corresponding discretion ranges for our Compensation Committee and our Chief Executive Officer for 2017 were as follows:

Weighted KPI Achievement%	Discretion range
< 70%	0 bonus
70% to 100% (exclusive)	50%-110%
100% to 110% (exclusive)	70-130%
110% to 120% (exclusive)	80-150%
120% to 140% (exclusive)	100-180%
>=140 %	120-200%

[Table of Contents](#)

Dr. Charles Zhang's initial annual bonus ratio for 2017 was 98%, which was equal to attainment of a performance percentage of 98%, determined based on his achievement of specified corporate performance goals for 2017. Our Compensation Committee decided to not exercise its discretion to adjust Dr. Zhang's initial bonus ratio. Our Board of Directors subsequently approved this bonus ratio. As a result, Dr. Zhang's annual bonus ratio for 2017 was 98%, which we applied to Dr. Zhang's targeted annual performance bonus for 2017 in calculating his annual performance bonus for 2017.

Ms. Lv's initial annual bonus ratio for 2017 was 106%, which was equal to attainment of a performance percentage of 106%, determined based on her achievement of specified corporate performance goals for 2017 and her individual performance as evaluated by our Chief Executive Officer. Our Chief Executive Officer and Compensation Committee decided to not exercise their discretion to adjust Ms. Lv's initial bonus ratio. Our Board of Directors subsequently approved this bonus ratio. As a result, Ms. Lv's annual bonus ratio for 2017 was 106%, which we applied to Ms. Lv's targeted annual performance bonus for 2017 in calculating her annual performance bonus for 2017.

Mr. Wang's initial annual bonus ratio for 2017 was 102%, which was equal to attainment of a performance percentage of 102%, determined based on his achievement of specified corporate performance goals and targets for 2017 and his individual performance as evaluated by our Chief Executive Officer. Our Chief Executive Officer and Compensation Committee decided to not exercise their discretion to adjust Mr. Wang's initial bonus ratio. Our Board of Directors subsequently approved this bonus ratio. As a result, Mr. Wang's final bonus ratio was 102%, which we applied to Mr. Wang's targeted annual performance bonus for 2017 to calculate his annual performance bonus for 2017.

Mr. Chen's initial annual bonus ratio for 2017 was 101%, which was equal to attainment of a performance percentage of 101%, determined based on his achievement of specified corporate performance goals and targets for 2017. Our Chief Executive Officer and Compensation Committee decided to not exercise their discretion to adjust Mr. Chen's initial bonus ratio. Our Board of Directors subsequently approved this bonus ratio. As a result, Mr. Chen's final bonus ratio for 2017 was set at 101%, which we applied to Mr. Chen's targeted annual performance bonus for 2017 in calculating his annual performance bonus for 2017. Mr. Chen's compensation package for 2017 also included an additional targeted cash bonus. As Changyou successfully launched a high-quality mobile game, Legacy TLBB, in 2017 that met the specified performance targets, our Board of Directors approved a high-quality game-related bonus of \$296,099.

Annual Equity Compensation

Our equity-based compensation program generally is designed to recognize the scope of the named executive officers' responsibilities; reward demonstrated performance and leadership; motivate future superior performance; align the interests of the named executive officers with the interests of our stockholders; and, through the use of vesting terms that require minimum terms of service before there can be payouts, encourage continuity in our management.

[Table of Contents](#)

We granted stock options to our executive officers under our 2000 Stock Incentive Plan from time to time prior to 2006. Stock options have value to the extent the price of our common stock on the date of exercise or thereafter exceeds the exercise price, which is set on the grant date. Between 2006 and 2014, we also granted restricted stock units to our executive officers. With restricted stock units our executives receive shares of our common stock on the vesting date without payment of any cash consideration. Consistent with recent trends in China, in 2015 we granted to our then named executive officers stock options with a nominal exercise price of \$0.001 per share. We believe that restricted stock units, as well as stock options with a nominal exercise price, can be effective in compensating our named executive officers because they reward and serve to retain named executive officers during times where our stock price remains stable, as there is value to the restricted stock units and the stock options with a nominal exercise price upon vesting even if the market price of our common stock has not increased since the grant date.

Equity-based compensation was awarded pursuant to our stock incentive plans. Generally, our decisions to make equity-based compensation grants are independent of our cash compensation program decisions. When making any grant, we consider the grant size. To do so, we make certain assumptions about our stock price to determine the value of any proposed grant to a named executive officer.

We did not grant any equity incentive awards to our named executive officers in 2017.

Other Components of Compensation

Our named executive officers receive various other benefits, such as housing allowances, tax equalization, tuition/training reimbursement and health, life, travel and disability insurance. We believe that these other benefits are reasonable, competitive (as it is customary for Chinese companies to provide such benefits to their named executive officers) and consistent with our overall compensation program. We further believe that companies within our peer groups in China provide similar benefits to their named executive officers, and we believe that it is necessary for us to do the same for retention and recruitment purposes.

Dr. Charles Zhang is provided with a tax equalization benefit under his employment agreement with us. Dr. Charles Zhang is responsible for paying income tax equal to 15% of his individual income from base salary and bonus, which amount is withheld by us from his base salaries and bonuses, and our company bears his remaining liability for income tax on his base salaries and bonuses.

Severance Benefits

Under Chinese law, we must pay severance to all employees who are Chinese nationals and who are terminated without cause or terminate their employment with us for good reason, or whose employment agreements expire and we do not continue their employment. The severance benefits required to be paid under Chinese law equal the average monthly compensation paid to the terminated employee (including any bonuses or other payments made in the twelve months prior to the employee's termination) multiplied by the number of years the employee has been employed with us, plus an additional month's salary if thirty days' prior notice of such termination is not given. However, if the average monthly compensation to be received by the terminated employee exceeds three times the average monthly salary in the employee's local area as determined and published by the local government, such average monthly compensation is capped at three times the average monthly salary in the employee's local area. However, we believe that it is important, for recruitment and retention, to provide certain of our named executive officers with severance benefits beyond those required by Chinese law to help minimize financial stress in the event of job loss. As a result, we have agreed to provide additional severance pay and continuation of benefits to our named executive officers to help bridge the time until they secure new employment.

[Table of Contents](#)

With respect to Dr. Charles Zhang and Mr. Dewen Chen, in addition to the severance benefits they would be entitled to receive under Chinese law upon a termination without cause or a resignation for good reason, or if we do not continue their employment upon expiration of their employment agreements with us or Changyou, as the case may be, we and Changyou have agreed to pay them their monthly housing allowance multiplied by the number of years they have been employed by us or Changyou, to continue their insurance benefits for the lesser of (i) six months and (ii) the remainder of the term of his employment agreement (the “severance period”), and to pay their respective monthly salaries during the severance period. Dr. Zhang and Mr. Chen are also entitled to receive their bonuses for the remainder of a year in which they are terminated to the extent that the bonuses would have been earned had their employment continued through the end of that year.

Compensation for Independent Directors in 2017

Non-management directors’ compensation is guided by the following goals: compensation should fairly pay directors for work required in a company of our size and scope; compensation should align directors’ interests with the long-term interest of stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand. The compensation of non-management directors in 2017 is described in the narrative following the Director Compensation Table in this Item 11.

Terms of Stock Option and Restricted Stock Unit Awards and Changyou, Sogou and Sohu Video Equity Incentive Awards

Our 2000 Stock Incentive Plan expired on January 24, 2010. Our 2010 Stock Incentive Plan, which was adopted by our shareholders on July 2, 2010, provides for the issuance of up to 1,500,000 shares of our common stock, including shares issued pursuant to the vesting and settlement of restricted share units and pursuant to the exercise of options. All equity awards granted after June 21, 2010, with the exception of the Changyou, Sogou and Sohu Video share option awards discussed below, were granted pursuant to our 2010 Stock Incentive Plan. The maximum term of any equity awards granted under our 2010 Stock Incentive Plan is ten years from the grant date. Our 2010 Stock Incentive Plan will expire on July 1, 2020. Neither we nor any of our subsidiaries granted any equity incentive awards to our named executive officers during 2017.

Sohu Stock Options

The granted stock options reflected in the “Outstanding Equity Awards at Fiscal Year-End” table were granted to our named executive officers under our 2010 Stock Incentive Plan. On February 16, 2015, our Board approved grants of options to our management and key employees, including options (i) to our Chief Executive Officer Dr. Charles Zhang for the purchase of 300,000 shares of common stock and (ii) to Ms. Joanna Lv, who was then our Senior Finance Director, for the purchase of 10,000 shares of common stock with an exercise price of \$0.001 per share. Sohu Restricted Stock Units

Under our 2000 Stock Incentive Plan we could grant, and under our 2010 Stock Incentive Plan we may grant, restricted stock units which represent the right to receive, upon vesting, at the discretion of our Compensation Committee, either one share of our common stock for each unit vested or an amount of cash equal to the then market value of one share of our common stock for each unit vested, in each case subject to any additional or different terms set forth in the applicable award agreement. Restricted stock units granted to date were only settled upon vesting in our common stock, and we expect that generally we will continue to grant restricted stock units that will only be settleable in our common stock upon vesting.

Sogou Share Option/Restricted Share Awards

We grant options to purchase Class A ordinary shares of our subsidiary Sogou, either pursuant to the Sogou 2010 Share Incentive Plan or the Sogou 2017 Share Incentive Plan, or from ordinary shares of Sogou that we hold for the purpose of making such grants. Vesting of options that we grant to our named executive officers exercisable for the purchase of Sogou Class A ordinary shares generally occurs in equal annual installments over a four-year period, but vesting for each year is also subject to the achievement of annual performance milestones related to Sogou that our Board establishes in its discretion. Vesting of Sogou restricted Class A ordinary shares that were granted to Mr. Xiaochuan Wang, through a British Virgin Islands trust of which Mr. Wang is the beneficiary, in 2013 will occur in five equal installments over a four-year period, with the first installment vesting upon the expiration of all underwriters' lockup periods applicable to the Sogou IPO and the remaining four installments vesting upon the first four anniversaries of the Sogou IPO. The annual performance milestones set by our Board for periods through the end of 2017 are based in part on financial targets, consisting of target revenue levels and target operating profit levels, and in part on operating metric targets, consisting of target levels of search traffic. We do not disclose the actual amounts of these targets, as they constitute confidential business and financial information related to Sogou's internal budgeting and planning that could be unfairly used by Sogou's competitors if revealed publicly, and we do not believe that the amounts of these targets are material information to our investors.

Sohu Video Share Option Awards

We granted options to purchase ordinary shares of our subsidiary Sohu Video pursuant to the Sohu Video 2011 Share Incentive Plan. Vesting of options that we granted to our named executive officers exercisable for the purchase of Sohu Video ordinary shares occurs in equal annual installments over a four-year period, but vesting for each year will also be subject to the achievement of annual performance milestones related to Sohu Video that our Board establishes in its discretion. The annual performance milestones set by our Board for vesting of each installment will include financial and operating metric targets. We do not expect to disclose the actual amounts of any such milestones, as we expect them to constitute confidential business and financial information related to Sohu Video's internal budgeting and planning that could be unfairly used by Sohu Video's competitors if revealed publicly, and also expect that they will not be material to our investors. Until Sohu Video's completion of an underwritten public offering on NASDAQ, the New York Stock Exchange or another internationally recognized stock exchange of similar prestige and liquidity, upon the termination of employment with us of any of our named executive officers who has received Sohu Video share option awards, we have the right at our discretion to repurchase up to 50% of the Sohu Video ordinary shares, at the then fair market value of such ordinary shares, acquired by any such named executive officer upon exercise of vested Sohu Video share options.

Severance Benefits and Change-in-Control Arrangements

As discussed in the narrative description under the heading “Executive Employment Agreements” following the “Grants of Plan-Based Awards Table,” we or our subsidiaries have entered into employment agreement with Dr. Charles Zhang, Ms. Joanna Lv, Mr. Xiaochuan Wang, and Mr. Dewen Chen.

The employment agreements with Dr. Zhang and Mr. Chen, along with Chinese legal requirements which are discussed in the Compensation Discussion and Analysis under the heading “Severance Benefits,” provide for certain payments and other benefits if Dr. Zhang’s or Mr. Chen’s employment with us or Changyou, as applicable, is terminated under circumstances specified in his employment agreement, including a change-in-control of us or Changyou, as applicable. Chinese legal requirements also provide for certain payments and benefits if an employment agreement is not renewed. Dr. Zhang’s or Mr. Chen’s rights upon the termination of his employment will depend upon the circumstances of the termination. Central to an understanding of the rights of Dr. Zhang and Mr. Chen under their employment agreements is an understanding of the definitions of “cause,” “change-in-control,” “good reason” and “disability” that are used in those agreements. For purposes of the employment agreements such terms have the following meanings:

“cause” means:

- willful misconduct or gross negligence by the executive officer, or any willful or grossly negligent omission to perform any act, resulting in injury to us or Changyou, as applicable;
- misconduct or negligence of the executive officer that results in gain or personal enrichment of the executive officer to our or Changyou’s, as applicable, detriment;
- breach of any of the executive officer’s agreements with us or Changyou, as applicable, including, but not limited to, the repeated failure to perform substantially the executive officer’s duties to us or Changyou, as applicable, excessive absenteeism or dishonesty;
- any attempt by the executive officer to assign or delegate his employment agreement or any of the rights, duties, responsibilities, privileges or obligations thereunder without our or Changyou’s, as applicable, prior consent (except in respect of any delegation by the executive officer of his employment duties thereunder to our or Changyou’s, as applicable, other employees in accordance with our or Changyou’s, as applicable, usual business practice);

[Table of Contents](#)

- the executive officer's indictment or conviction for, or confession of, a felony or any crime involving moral turpitude under the laws of the U.S. or any State thereof, or under the laws of China or Hong Kong;
- declaration by a court that the executive officer is insane or incompetent to manage his business affairs;
- habitual drug or alcohol abuse which materially impairs the executive officer's ability to perform his duties; or
- filing of any petition or other proceeding seeking to find the executive officer bankrupt or insolvent.

"change-in-control" means the occurrence of any of the following events:

- any person (within the meaning of Section 13(d) or Section 14(d)(2) of the Exchange Act) other than us or Changyou, as applicable, any trustee or other fiduciary holding securities under an employee benefit plan of us or Changyou, as applicable, or any corporation owned, directly or indirectly, by our or Changyou's, as applicable, stockholders or shareholders in substantially the same proportion as their ownership of our common stock or Changyou's ordinary shares, as applicable, becomes the direct or beneficial owner of securities representing 50% or more of the combined voting power of our or Changyou's, as applicable, then-outstanding securities;
- during any period of two consecutive years after the date of the executive officer's employment agreement, individuals who at the beginning of such period constitute our Board or Changyou's Board, as applicable, and all new directors (other than directors designated by a person who has entered into an agreement with us or Changyou, as applicable, to effect a transaction described in the first, third and fourth bullet point of this definition) whose election or nomination to our Board or Changyou's Board, as applicable, was approved by a vote of at least two-thirds of the directors then in office, cease for any reason to constitute at least a majority of the members of our Board or Changyou's Board, as applicable;
- the effective date of a merger or consolidation of us or Changyou, as applicable, with any other entity, other than a merger or consolidation which would result in our or Changyou's, as applicable, voting securities outstanding immediately prior to such merger or consolidation continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the surviving entity outstanding immediately after such merger or consolidation and with the power to elect at least a majority of the board of directors or other governing body of such surviving entity;
- our or Changyou's, as applicable, complete liquidation or the sale or disposition by us or Changyou, as applicable, of all or substantially all of our assets or Changyou's, as applicable, assets; or
- there occurs any other event of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A (or a response to any similar item on any similar schedule or form) promulgated under the Exchange Act, whether or not we are then subject to such reporting requirements.

“disability” means the executive officer becomes physically or mentally impaired to an extent which renders him or her unable to perform the essential functions of his job, with or without reasonable accommodation, for a period of six consecutive months, or an aggregate of nine months in any two year period.

“good reason” means the occurrence of any of the following events without the executive officer’s express written consent, provided that the executive officer has given notice to us or Changyou, as applicable, of such event and we or Changyou, as applicable, has not remedied the problem within fifteen days:

- any significant change in the duties and responsibilities of the executive officer inconsistent in any material and adverse respect with the executive officer’s title and position (including status, officer positions and reporting requirements), authority, duties or responsibilities as contemplated by the executive officer’s employment agreement.
- any material breach by us or Changyou, as applicable, of the employment agreement with the executive officer, including without limitation any reduction of the executive officer’s base salary or our failure to pay to the named executive officer any portion of his or her compensation; or
- the failure, in the event of a change-in-control in which we are, or Changyou is, as applicable, not the surviving entity, of the surviving entity or the successor to our or Changyou’s, as applicable, business to assume the executive officer’s employment agreement pursuant to its terms or to offer the executive officer employment on substantially equivalent terms to those set forth in such employment agreement.

Ms. Joanna Lv and Mr. Xiaochuan Wang are entitled to severance benefits required to be provided to them under Chinese law, which are discussed in the Compensation Discussion and Analysis under the heading “Severance Benefits,” and their employment agreements do not provide any additional severance benefits.

- (1) Severance payments are made ratably over the severance period according to our, Sogou's, or Changyou's standard payroll practices, as applicable.
- (2) In the event of a voluntary resignation for good reason or an involuntary termination without cause, Dr. Charles Zhang and Mr. Dewen Chen are entitled to receive payment of their monthly base salaries in effect on the date of termination for the shorter of (i) six (6) months and (ii) the remainder of the term of their employment agreements with us or Changyou, as applicable. Dr. Zhang or Mr. Chen, as applicable, would be entitled to severance benefits under his employment agreement with us or Changyou, as applicable, as in each case these benefits would be greater than the severance benefits under Chinese law.

[Table of Contents](#)

- (3) In the event of a voluntary resignation for good reason or an involuntary termination without cause, Dr. Charles Zhang and Mr. Dewen Chen are entitled to receive their bonuses for the remainder of the year of the termination, but only to the extent that the bonuses would have been earned had they continued in employment through the end of the year, as determined in good faith by our or Changyou's, as applicable, Chief Executive Officer, Board or Compensation Committee based on the specific corporate and individual performance targets established for the year, and only to the extent that bonuses were paid for the year to other similarly-situated employees. Payment of the entire 2017 bonus would rest on the assumption that Dr. Zhang or Mr. Chen voluntarily resigned for good reason or was terminated without cause as of December 31, 2017 and that no additional bonus would have been due as a result of the termination.
- (4) In the event of termination of Dr. Charles Zhang's or Mr. Dewen Chen's employment by reason of death or disability, he or his estate or representative, as applicable, is entitled to receive the bonus for the year in which the death or disability occurs to the extent that the bonus would have been earned had Dr. Zhang or Mr. Chen continued in employment through the end of the year, as determined in good faith by our or Changyou's, as applicable, Chief Executive Officer, Board or Compensation Committee based on the specific corporate and individual performance targets established for the year, and only to the extent that bonuses are paid for the year to other similarly-situated employees. Payment of the entire 2017 bonus would rest on the assumption that no additional bonus would have been due as a result of the termination.

CHIEF EXECUTIVE OFFICER TO MEDIAN EMPLOYEE PAY RATIO

The following table sets forth our Chief Executive Officer to median employee compensation ratio. The total compensation for our Chief Executive Officer in 2017 was approximately 107 times the pay of our median employee.

Our Chief Executive Officer to median employee pay ratio is calculated in accordance with SEC requirements pursuant to Item 402(u) of Regulation S-K. We identified the median employee by examining the 2017 base salaries paid to all individuals, excluding our Chief Executive Officer, who were employed by us on December 31, 2017. As of December 31, 2017, based on our payroll records, we had approximately 9,000 employees, which included all of our employees, whether employed on a full-time, part-time, temporary, or seasonal basis.

To identify the median employee, we compared the base pay of our employees as reflected in our payroll records for 2017. We believe that the use of the base salaries paid to all employees is a consistently applied compensation measure that reasonably reflects compensation for our employee population, because we do not widely distribute annual equity awards to employees and our performance-based bonus structure is such that an employee's target bonus opportunity is proportionally related to the employee's salary.

[Table of Contents](#)

After identifying the median employee based on the above methodology, we calculated annual total compensation for that employee using the same methodology we use for Chief Executive Officer as set forth in the 2017 “Summary Compensation Table” included in this Item 11.

Name and Principal Position	Salary (\$)	Equity Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	All Other Compensation (\$)	Total (\$)
Chief Executive Officer	\$592,198	\$3,537,734	\$ 580,354	\$ 932,596	\$5,642,882

Prior to 2017, we compensated non-employee members of our Board with equity-based compensation, beginning in the 2017 fiscal year, we have no longer compensated non-employee members of our Board with equity-based compensation. Directors who are our employees do not receive any compensation for their service as a member of our Board or any committee. In addition, non-employee members of our Board were reimbursed for reasonable travel expenses incurred in connection with attending Board and committee meetings.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

TRANSACTIONS WITH RELATED PERSONS

Transactions with Vanke Co., Ltd.

In the 2017 fiscal year, Vanke Co., Ltd. purchased \$247,000 in advertising services from us. Mr. Shi Wang, one of our directors, is the Honorary Chairman of the Board of Vanke Co., Ltd.

Policies and Procedures for Reviewing Transactions with Related Persons

We review all relationships and transactions into which we enter to determine whether such relationships and transactions exceed \$120,000 and whether they involve any related persons who have a direct or indirect material interest in such relationships or transactions. The term "related person" has the same meaning as set forth in Item 404(a) of Regulation S-K. We have developed and implemented processes and controls whereby we solicit information from persons identified as related persons through written questionnaires and, based on the information obtained and the facts and circumstances of the relationship, we make a determination as to whether the related person has a direct or indirect material interest in the transaction.

[Table of Contents](#)

In addition, pursuant to its duties under its written charter, our Audit Committee reviews and approves or ratifies, as the case may be, any related person transactions identified through the process described above. In deciding whether to approve or ratify a related person transaction, our Audit Committee considers the following factors:

- the nature of the related person's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;
- the importance of the transaction to the related person and to us;
- whether the transaction would impair the judgment of any of our directors or executive officers to act in our best interest;
- whether the terms of the transaction are substantially equal to or more favorable to us and no more favorable to the related person than if we had negotiated similar arrangements with non-affiliated third parties; and
- any other matters our Audit Committee deems appropriate.

Any member of our Board who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction, provided, however, that such director may be counted in determining the presence of a quorum at a meeting where the transaction is considered.

To our knowledge, for 2017, all transactions with related persons to which we are or were a party have been reviewed under the policies and procedures described above.

DIRECTOR INDEPENDENCE

Our Board has determined that Dr. Dave Qi, Mr. Shi Wang, Dr. Zhonghan Deng, and Mr. Dave De Yang are independent as that term is defined in Rule 5605(a)(2) of the NASDAQ Listing Rules. In determining independence pursuant to the NASDAQ Listing Rules, our Board affirmatively determined whether such independent directors had any material relationship with us, or any of our subsidiaries, either directly or indirectly as a partner, stockholder or officer of any organization, that may interfere with the director's ability to exercise independence. Our Board concluded that none of the independent directors had any direct or indirect material relationships with us, or any of our subsidiaries. Our Board considers what it deems to be all relevant facts and circumstances in determining the independence of its members, including whether our directors have any family relationship with any executive officer or any direct or indirect interest in any of our customers or our customer agreements, whether any of our directors have any interests in or ties to any of our competitors, suppliers or strategic business partners and whether our directors meet the independence standards set by the SEC and NASDAQ.
